

## UNIT - 3

### Family as a basic unit of Human Interaction:

- It gives us both roots to hold and wings to fly.
- It includes father, mother, brothers, & sisters.

### Justice:

It means recognition of values in relationship, their fulfillment, the right evaluation of fulfillment resulting in mutual happiness.

- It concerns it self with the proper ordering of things and people within a society.

### Elements:

- ① Recognition of values
- ② Fulfillment
- ③ Evaluation
- ④ Mutual happiness ensured

### Values in relationships:

#### ① Trust:

It is the foundation value in relationship. It means to be assured that each human being inherently wants oneself and the other to be happy and prosperous.

(1) Intention : wanting to our natural acceptance

(2) Competence : being able to do (Ability to fulfil)

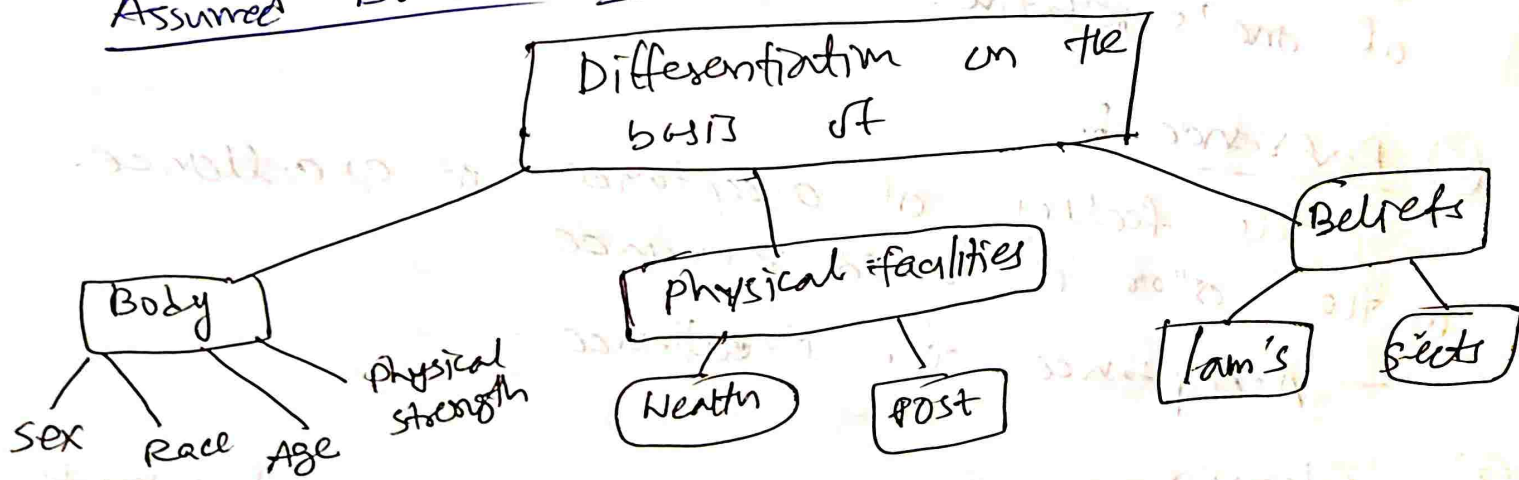

(3) Respect :

"It means individuality and right evaluation to be evaluated as I am."

- over evaluation - to evaluate more than what it is
- Under evaluation - To evaluate less than what it is
- Otherwise evaluation - To evaluate otherwise than what it is.

Basis for request : respect - proposal : If you respect a human being on the basis of 'I'.

Assumed bases for respect Today :

③ Affection :

It is the feeling of being related to other.  
— Acceptance of the other as one's relative

④ Care :

The feeling of care is the feeling of nurture and protect the body of our relative.  
— Responsibility & commitment for nurturing and protecting the body of one's relative.

⑤ Guidance :

The feeling of ensuring right understanding and feelings in other.  
— Responsibility & commitment for ensuring right understanding & right feeling in the self of one's relative

⑥ Reverence :

The feeling of acceptance of excellence in the other is called reverence.  
— Acceptance for Excellence.

⑦ Glory :

It is the feeling for someone who has made efforts for his excellence.

⑧ Gratitude :  
The feeling of acceptance for those who have made effort for my excellence.  
- Acceptance for those who have made effort for my excellence.

⑨ LOVE :  
" The feeling of being related to all "  
- It is the emotion of strong affection and personal attachment or a feeling of warm personal attachment or deep affection as for a parent, child or friend.

Harmony in Society :  
Society : The set of relations among people including their social media status & roles.

\* NOTE :

- |                       |   |                     |
|-----------------------|---|---------------------|
| ① Right Understanding | → | In Every Individual |
| ② Prosperity          | → | In every family     |
| ③ Fearless            | → | In society.         |
| ④ Co-existence        | → | In nature.          |

Program needed to achieve human goal :

- ① Education — Right living  $\Rightarrow$  Right Understanding
- ② Health — self regulation  $\Rightarrow$  Prosperity
- ③ Justice — preservation  $\Rightarrow$  Fearlessness & coexistence
- ④ Production — Work  $\Rightarrow$  Prosperity & coexistence
- ⑤ Exchange — Storage  $\Rightarrow$  Prosperity & Fearlessness

Undivided society :

Feeling of being related to every human being  
It is the society where all people of different  
age and thought process live together &  
works towards betterment of the society.

## Unit 4.

### Understanding the Harmony in Nature.

Nature :

Combination of all that is solid, liquid or gas state or the aggregate of all the mutually interacting unit - big or small, sentient or insentient together can be called nature.

phase :

- Material Order
- ~~Prime~~ <sup>Bio</sup> Order

• Human Order

• Animal order

Order	Things	Activity	Innateness	Natural Characteristic	Basic Activity	Conformance
<b>Material Order</b>	Soil, water, metals, etc.	Composition / Decomposition	Existence	Composition / Decomposition	Recognizing, <u>Fulfillment</u>	Constitution Conformance
<b>Pranic Order</b>	Plants and trees	Composition, Decomposition, Respiration	Existence + Growth	Composition / Decomposition + Nurture / Worsen	Recognizing, <u>Fulfillment</u>	Seed Conformance
<b>Animal Order</b>	Animals and birds	Composition / Decomposition, Respiration (in body) + Selection (in 'I')	Existence + Growth in body + Will to live in 'I'	Comp./Decomp., Nurture/Worsen in body + (Non-cruelty / Cruelty) in 'I'	(Recognizing, <u>Fulfillment</u> ) in body + (Assuming, Recognizing, <u>Fulfillment</u> ) in 'I'	Breed Conformance
<b>Human Order</b>	Human beings	Composition / Decomposition, Respiration (in body) + Selection, Thought, Desire (in 'I')	Existence + Growth in body + Will to live with happiness in 'I'	Comp./Decomp., Nurture/Worsen in body + (Perseverance, Bravery, Generosity) in 'I'	Recognizing, <u>Fulfillment</u> in body + (Knowing, Assuming, Recognizing, <u>Fulfillment</u> ) in 'I'	Right Values / <u>Sanskara</u> Conformance

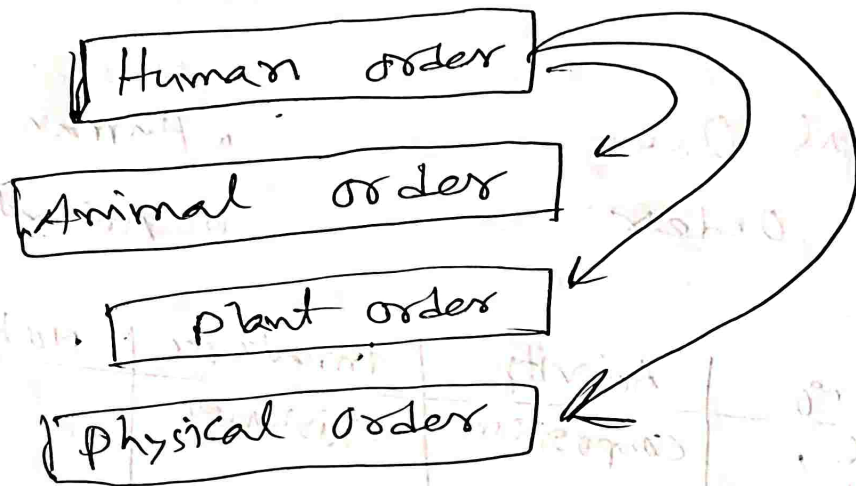

Quantity units in each other :

\* Physical  $\gg$  plant  $\gg$  Animal  $\gg$  Human

— Dependence of each order is on all previous orders.

— Survival of Human order is dependent on all the three orders.

Participation of human being in Entire nature :

- Preservation
- Prosperity
- Protecting its innateness
- Protecting and enriching its inheritance
- Making right utilization of nature in line with its activity

## Harmony in Existence :

All units together constitute nature.  
All units of nature exist in space.  
Existence is nothing but the nature in space.

Existence = Nature submerged in space

Existence = Exist + Essence  
(to be) (Harmony)

## Coexistence of units in space :

It is a state in which two or more groups are living together while respecting their differences and resolving their conflicts non violently.

Nature

Collection of units

Limited

Active

Emerged

unit

Abundance

Material

submerged in

Space

Empty

unlimited.

no activity

Eg  $u^m$  energy

All pervasive

And

unlimited space

Existence  
Coexistence = Units submerged in space

Units (Nature)

- Limited in size
- Active
- self organized
- Emerged

Space (All-prevailing)

- Unlimited
- no activity
- self organization
- constant energy

Material

Temporary  
Recognizing.

Material Order

Pranic Order

Atom

molecule

molecule structure

Substance

Fluidity

Cyclic

Plant cells

plants

Animal Body

Human body

I-conscious

+  
Animal order  
= 'i' + Body

+  
Human Order = i + Body  
↓ Acting complex

↓ Construct  
completeness

Development - Non  
cyclic

## Unit - 5

### Ethics :

The definitiveness of human conduct in terms of values, policies, and character.

Thus the ethical conduct is self-satisfying, people friendly, eco friendly and universal.

— The right understanding gain through self-exploration through self-exploration also enables us to identify the definitiveness of human conduct which may also be called the ethical human conduct.

### Values :

Competence of living in accordance with universal human values or the participation of a unit in the large order - its natural characteristics.

#### Values in self

- Happiness : Realization + selection / tasting
- Peace : Realization + analyzing
- Satisfaction : Realization + imaging
- Bliss : Realization + understanding

## # Values of human being in its participation

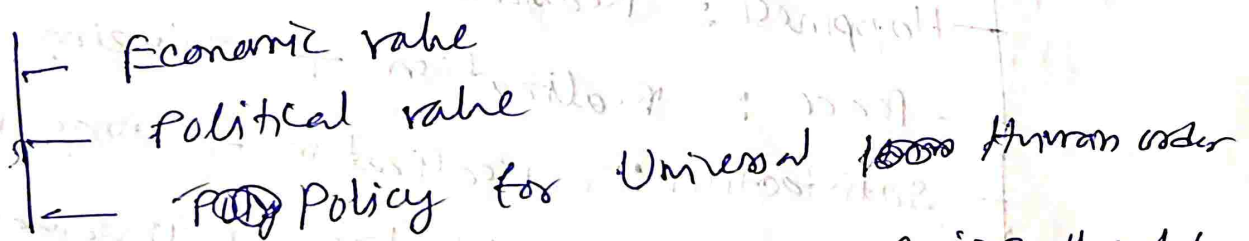

- Perseverance: After understanding the system, patiently participating in it.
- Bravery: Helping others in understanding and participating in system.
- Generosity: Using our mind, body & wealth in system.
- Kindness: To give opportunity or thing to a person who has ability.
- Beneficence: To give ability to a person who has opportunity.
- Compassion: Providing both ability and thing to person.

## # value of human being with nature:

- Utility value: To ~~prepare~~ prepare a physico-chemical object for ~~one~~ <sup>our</sup> nourish and protection.
- Aesthetic value: To ensure long lasting utility.

## # Policy:

The decision about the enrichment, protection and right utilization of the resources.

# Character: The definiteness of my desire, thought and selection gives definiteness of my living.

## Values in Human - Human Relationship.

- Trust
- Respect
- Affection
- Care
- Love
- Guidance
- Reverence
- Glory
- Gratitude

## Understanding of Harmony :

### • Humanistic Education :

It will ~~cor~~ incorporate appropriate integration of values and skills so that human being are able to understand their physical needs correctly and adopt suitable techniques & ~~production~~ production systems to cater to these needs in an ~~eco~~ eco-friendly manner.

### • Humanistic Constitution :

It means a set of guidelines or principles for running a society that is based on human values like truth, love, peace etc. not just laws made for power or control.

## Professional Ethics:

It means to develop professional competence with ethical human conduct.

### # Competence in Profession Ethics:

- clarity about comprehensive human goal
- Confidence in oneself
- Mutually fulfilling behaviour
- Mutually enriching interactions with nature

### Issues:

- Corruption in multiple forms and at various levels
- Tax evasion, misappropriation and misuse of public funds
- Misleading propaganda unethical advertisements and sales promotion
- cut throat competition
- Adulteration and spurious production.

### Holistic Technologies production system:

- Right understanding helps us to develop a vision for a holistic approach.

## Criteria to guide the development of tech.:

- In accordance to appropriate needs & lifestyle
- People friendly.
- Ecofriendly.

## Evaluation criteria for Technology

- Must compatible with nature
- Must promote the use of renewable source of energy
- Low cost & energy efficient
- safe & people friendly
- Does not harm health.

## Evaluation ~~criteria~~ criteria for Production system:

- What to produce
- How to produce
- How much to produce

- Optimal utilization of local resources and expertise
- Priority to local consumption
- should be user friendly
- safe to the health of people involved in the production system.

## For Management Models:

It needs to focus at the fulfillment of the people involved in the production system as well as users of the produce and not for profit

- ① The whole unit works as a unit
- ② Ensuring correct appraisal of labour
- ③ Sharing of responsibility

## Journey Towards the Holistic alternative:

1. Appreciating the need for self exploration
2. Facilitating the understanding of harmony at various levels.
3. Steps for facilitating at the level of family, society and profession.

## Transition from present state to universal human

- Promoting mass awareness
- Moving towards humanistic education
- Developing Holistic model of living
- ~~Top~~ Implementing strict policies and social system
